CODE I FIGURED OUT

CSS GRADIENT

```css
background: linear-gradient(135deg, ■#f9e1e0 10%, ■#feadb9 100%);
```

Javascript Resume Modal

```html
<script>
    function openModal() {
        document.getElementById("resume-modal").style.display = "flex";
    }

    function closeModal() {
        document.getElementById("resume-modal").style.display = "none";
    }
</script>

<script>
    window.onload = function () {
        document.getElementById("resume-modal").style.display = "none";
    };
</script>
```
